

Tuesday, 4th March 2025

The day began with a fun Music Chair Energizer, where participants quickly got involved in a game of music chairs, getting everyone energized and in a playful mood. Following that, we moved into an Escape Room Challenge, where teams worked together to solve puzzles and escape within a time limit, promoting collaboration and problem-solving skills.

Next up was a session on Time Management, where participants learned key strategies to efficiently manage their day and prioritize tasks. After that, it was time for a well-deserved break with a delicious lunch that provided a chance for everyone to relax and socialize.

The Human Machine Activity followed, where participants had to work together, using creativity and teamwork to form a “human machine.” This was followed by the Bunny Energizer, a lively game that brought lots of laughter and energy to the group.

After lunch, the participants participated in a workshop where they learned how to effectively use LinkedIn to enhance their professional presence. They discovered useful tips and tricks, such as how to create a strong profile, write an engaging summary, and expand their network by connecting with industry professionals. The session also covered strategies for job searching, personal branding, and how to stay active on the platform by sharing relevant content and engaging with others.

After that it was time for a game. During the activity titled *Game: Escape Skills Maze – Team Working is the Solution!*, participants engaged in a dynamic and challenging experience designed to test and improve their collaboration skills. In order to “escape” the maze, teams had to solve a series of puzzles and tasks that required clear communication, creative thinking, and mutual support. The activity highlighted the importance of teamwork in overcoming obstacles and showed how each member’s contribution is vital to achieving a common goal. Afterward, it was time for dinner, which included a variety of delicious dishes to fuel the evening.

The night culminated in Slovakian Cultural Night, where participants got to experience the unique traditions, music, and cuisine of the country. This led to an exciting evening of dancing and music in the garage, where everyone danced the night away, sharing joy and memories from a full day of activities.

Overall, the day was an enriching mix of learning, fun, and cultural exchange, leaving everyone energized and excited for what’s to come next.
