

TRAVELLING DIGITALIZATION

DAILY REPORT – DAY 10

Sunday, 10th March 2024

After breakfast, the activities started at the mayor's hall with energizers and team bonding activities. After that, we started picking a theme for the final presentations.

After lunch, we In the morning participants engaged in reflective discussions, evaluating their personal growth and the impact of the project on their understanding of digitalization and cultural exchange.

After dinner, we had a closing ceremony. We revealed our secret friends and decided to write small letters for all the participants of the group. The ceremony marked the culmination of the project, celebrating the achievements and friendships formed over the past eleven days. Certificates of participation served as tangible reminders of the skills gained and the connections forged during the project
