

## **HEADING TO SUSTAINABILITY**

### **DAILY REPORT – DAY 5**

*Tuesday, 19<sup>th</sup> March 2024*

After breakfast, we travel by bus to the second biggest town of Greece, Thessaloniki. Thessaloniki is a city with Byzantine history. The weather was so good, so it was the best opportunity to walk and see the city and what it has to offer.

We explored Thessaloniki and we had the chance to visit all the famous monuments. We visited the Rotunda, the Arch of Galerius, the church of Saint Demetrius, the city walls, the Roman Forum- Agora, the Eptapyrgio, the statue of Alexander the Great, and of course the White Tower.

We also pay a visit to the archaeological and Byzantine museums. Both traveled us back in time when important kings and emperors ruled the city.

After that, we explored the modern Thessaloniki. We visited Ladadika and Aristoteles Square and met with local businesses filling up our checklist for ideas for the future projects we want to make.

We tried traditional local dishes and walked along the Sea of Thessaloniki. Then we walked up to the Eptapyrgio, where we saw the magnificent view of the city from above.

After dinner, we had Evening gatherings facilitated by informal knowledge sharing and networking, as participants shared insights and recommendations from their day's experiences. This informal exchange enriched the overall learning experience.
