Wednesday, 7th February 2024

After breakfast, we went to the room at Mayor's Hall for our morning session. Our morning session was a Pitching session for project ideas.

After the first coffee break, we had a panel discussion with experts on social innovation and entrepreneurship. Networking activities with participants who are interested in the same subjects so they can build future projects together.

After lunch, we come back to the major's hall for our evening session. We had workshops that had to do with the evaluation and selection of projects for further development.

The night closed with the Turkish culture night with lots of food and dances. It was fun!
